On September 23, 2005, this case was filed with a Preliminary Amendment rewriting the claims so that there would not be any multiple claims in the case. The Patent Application Transmittal Papers clearly state that the claim calculation is based on the preliminary amendment being filed concurrently with the case. The deposit account (19-1013) was charged on June 23, 2006 Sequence Nos. 6 & 7 for extra claims (\$450.00) and the fee for multiple claims (\$360.00). There are 21 claims in the case, the extra claim was paid for with the filing of this case and there are no multiple claims in this case. Therefore please credit our deposit account in the amount of \$810.00. I have attached the Patent transmittal and the Deposit account showing the charges.
